## EBERT AGAIN CONTROLS BERLIN AND WITH NOSKE IS ATTEMPTING TO RESTORE NORMAL CONDITIONS

Parliamentary Chaos Threatening To Clog Legislative Machine  
and Activities of National Assembly as Well, Has Resulted  
From Chancellor Kapp's Brief Regime

### ATALITIES ATTEND RESTORATION

ing of Mine To Destroy Barricade in Kottbuser, Southeastern  
Berlin, Causes Death of 12 Persons and Injury of 28—  
Baltic Troops Fire on Mobs Wounding Several

Berlin, March 18. — The Ebert government is again in control in Berlin. Vice Chancellor Shiffer, in whose hands the sudden retirement of Dr. Brüning Kapp, temporarily placed the administrative power and Gustav Stresemann, minister of defense, are engaged in bringing about order in the city and restoring activities to their normal. The full ministry is expected back in Berlin Friday.

Regular troops, loyal to the Ebert regime, are guarding the streets, and detachments of them spent part of the day in tearing down wire entanglements and barricades which the revolutionary soldiers had erected in protest. In this connection there was an unfortunate accident, wherein the explosion of a mine to destroy a barricade at Kottbuser, in south eastern Berlin, killed 12 persons and injured 28.

Baltic Troops, Jeered, Fire Into Crowds.  
The Baltic troops, leaders of the insurgent band that marched into Berlin Saturday morning, took vengeance on the people who jeered and taunted them in Wilhelmstrasse and Unter-den-Linden. They were lined up for departure out of the city and after withstanding the jeers for a few more or less impatiently, they opened fire, wounding several. The wounded rushed to take refuge in the Dalon hotel, where the wounded were treated.

After the troops had passed Brandenburg gates, they fired a parting volley with machine guns, wounding a score or more and the terrified mob rushed to the hotel, the gates of which were torn down in the ensuing panic.

Dr. Kapp's descent upon Berlin and his subsequent retreat have precipitated parliamentary chaos, which promises indefinitely to clog the legislative machine and the activities of the national assembly. The coalition government constructed a new cabinet which is expected to reveal at least half a dozen new faces with the prospect of further ministerial changes as a result of the June election.

Assembly Promises Stormy Scenes.  
The assembly will not dissolve immediately because it must first approve a budget, dispose of further measures and the law decreeing the nationalization of railways and pass an election law.

There are conflicting reports concerning the late rebels, this matter promises stormy scenes at the coming meeting of the assembly, the popular feeling in Berlin now is severe punishment for Kapp and adherents.

The French charge d'affaires called Vice Chancellor Schiffer and undersecretary von Haniel today and complimented them on their government and upon the happy and rapid solution of the problem. He expressed the opinion that it did undoubtedly contribute toward strengthening liberal and democratic spirit in Germany.

Monistic Situation Scarcely Changed.  
Berlin, March 18.—The Baltic troops entered in Wilhelmstrasse and Unter-den-Linden in marching order and a flag flying this afternoon. Great crowds watched the troops making their way for their departure and what at first merely somewhat friendly demonstrations eventually developed into cheering and hooting. This cheered the troops who fired twice in the crowds, wounding several persons.

Great improvement in the economic situation is to be observed by the railway men have resumed, the organized workers generally dissatisfied and are continuing the strike. They demand the disarmament of the troops and the inclusion in the program of the more radical elements. One outcome of Dr. Kapp's brief reign is a better tendency toward the left among the workers and it generally believed that the coalition will return independent of the greater force. Kapp's coup was the best service he could have rendered to the conservatives who are discredited and distrusted.

His censorship has been lifted and newspapers are allowed to appear. In Kilmarnock, the British charge, taken the first opportunity to publish an emphatic denial that the Allies gave any support or sympathy to the new government.

Council Revolution Suppressed.  
The independence committee has issued a manifesto saying in effect: The counter revolution has been suppressed, but the Bauer-Noske government is trying to re-establish the regime by cowardly compromise.

Dr. Junker, von Seeckt, replaces Dr. Kapp. A state of emergency is maintained and the Prussian government has entrusted the protection of Berlin to the Reichswehr and Reichswehr officers.

President Fehrenbach said that many conservatives and national liberals members were not able to appear. He sharply criticized the Berlin upheaval of "the reactionary rebels" and urged the resumption of work throughout the country.

The state president of Württemberg welcomed the assembly in the name of Württemberg, after which Gustav Bauer, the chancellor spoke in behalf of the government.

The horse was closely guarded by Reichswehr troops and armored automobiles patrolled the streets. The first session was without notable incident.

### FEEBLE MINDED CAUGHT INFIRE APPEAR AMUSED

Attendants Have Difficulty Removing Thousand Patients from Burning Recreation Hall

New York, March 18.—Scores of patients at the Manhattan State hospital on Ward's Island, many of them feeble minded, were rescued tonight by attendants who carried them from the one-story recreation hall in which fire broke out while they were attending a motion picture show. The building was destroyed and for a time it was feared the flames would spread to other structures, housing several thousand patients.

A member of the hospital staff saw flames shooting from the recreation hall and notified the telephone operator in the main building who spread the alarm. Then a rescue party was hastily organized.

For a time it seemed that attendants would be unable to convince the feeble minded that the fire was not part of the performance being staged for their benefit. They stared at the flames and smoke as if fascinated and refused to move. Finally they were lifted and carried from the building. Shortly after the hall had been emptied, the roof caved in.

Whipped by a stiff wind, the apparatus on the island, which is situated in the East river had difficulty in checking the fire, caused by a short circuit. It was extinguished, however, shortly before midnight.

While the fire was raging, window curtains were drawn in the hospital wards so that the sight would not alarm any patients.

Many patients, after leaving the hall, wandered about the island. It took several hours for attendants to round them up. None were reported hurt.

According to the hospital authorities, there were 1,000 patients in the hall. Six thousand patients altogether are housed in the hospital.

### HUGO PLEADS FOR SANE ENFORCEMENT OF LAWS

"Time Requires Courageous Leaders with Level Heads," Secretary of State Declares

New York, March 18.—A plea for a "rebirth of common sense" and "sane enforcement of existing laws," was made by Secretary of State Francis M. Hugo in an address here tonight at a testimonial dinner given him by friends from all parts of the state. The dinner was announced as non-partisan, but Arthur C. Hastings, former mayor of Niagara Falls, another speaker said that the assembly of Mr. Hugo's friends in such general numbers must mean a personal regard for the man whose candidacy for the great office of governor for this state is of personal interest to them.

Mr. Hugo discussed existing national and state conditions, which, summarized, gave his view that the country today "needs more inspiration and less restriction; more perspiration and less criticism; more work and less noise; more individual responsibility and less government interference; more efficiency in public service and less extravagance in the cost of government."

He declared, "The time requires courageous leaders with level heads and hearts of broad Christian sympathy." Instead of criminal prosecution, he said he would offer the business man helpful co-operation from the state.

"I come from the north country of our state," he said, "where I learned as a boy and young man to commune intimately with nature. In our official life—national and state—I would like to feel that we are breathing once more free air. I would have our life conform to nature—free from any of the artificial things of which nature is so devoid. Let us go back once more to the very root of life, to the simple, normal principles with which we were brought up in our homes."

### BUILDING COSTS TOO MUCH.

Rochester, March 18.—Suspension of all Rochester buildings in which George Eastman is interested, including the million dollar school of music, a \$750,000 addition to the Chamber of Commerce building and several additions to his Kodak park plans, was announced today. Labor demands and other high costs of building and prospect of increases were said by Mr. Eastman today to have necessitated his action.

### HAS GAME WITH STRACUSE.

Colfax Park, N. D., March 18.—Maryland State college football scheduled for 1920, announced tonight in a game with St. Joseph's University at Stateline, N. D., March 18.

### MAY TRY SHEFFIELDS UNDER LEVER STATUTE

Company, Meanwhile, Announces 'Substantial' Reduction in Milk Prices April 1

New York, March 18.—District Attorney Swan, who has been seeking a state or federal statute under which the Sheffield Farm company could be prosecuted for posting notices up state urging dairymen not to increase production, announced tonight he had referred the case to the federal authorities for action under the Lever act. No announcement was made by the federal authorities as to whether they would undertake prosecution.

"The federal statute seems to be direct and positive," Mr. Swan says and applicable to this case. We find the federal law applies more than the state laws. It seems to have been enacted to fit this kind of a case.

The district attorney said that turning over the case did not mean it had passed out of his hands, but that his office would continue to collect evidence and present it to the federal authorities.

"We may proceed under one of our own statutes," he added, without specifying this statute.

"It makes no difference who applies the law, so long as we find a law to fit the case."

Following an announcement today by an official of the Sheffield Farms company that there could be a "substantial" reduction in prices April 1, Loton Horton, president of the company, issued a statement reiterating his assertions that profits of 515 per cent in 1918, attributed to the company by Mr. Swan, is "gross misrepresentation."

"That we did more business in 1918 is true," he said, adding that late in 1917 three large concerns had been taken over and "the increased volume of new business showing in our returns in 1918 for the first time."

"Our sales in 1917 were \$16,685,000 and in 1918 they were \$26,364,000," he said, adding that "what we actually earned during 1918 was 2.54 cents on each dollar of sales."

"The profit on bottle milk was one-eighth of a cent per quart," the statement said, "a margin so small that it would not be regarded as workable in any other industry. This profit of 2.54 cents on the dollar sale was the smallest rate of profit this company ever owned, except for one year."

The Kings county grand jury was urged today by County Judge Dike in Brooklyn to run down milk profiteers and punish them.

### WALKER DENIES TALK ON BATH INSTITUTION

Statements Declaring Changes Would Be Made in Management Denied by Lieut. Gov.

Bath, March 18.—Lieutenant Governor Harry C. Walker, here to preside at hearings in the investigation being made into charges of mistreatment of inmates of the state Soldier's home, tonight declared he had not made statements attributed to him a week ago. After a hearing at Syracuse, reports of the investigation said Lieutenant Walker had "stated that drastic changes in the management of the home will have to be made."

"Such a statement during the progress of a hearing of this nature would have been both presumptuous and injudicious on my part and I cannot understand how such a report could have gained currency. I made no statement by any stretch of imagination that could be so construed," said the lieutenant governor.

Nearly a dozen witnesses were examined today in the investigation. At the conclusion of the all-day session, the lieutenant governor announced tonight that the hearing will be resumed here Friday morning and will continue on Saturday in an effort to conclude the evidence in rebuttal.

### DENY CHANGE OF VENUE.

Rochester, March 18.—The appellate division of the supreme court, fourth department, here today affirmed the refusal of Supreme Court Justice S. Nelson Sawyer to grant a change of venue from Hornell in the trial of Jody Kelley for the alleged murder of Harry Smith last June. Unlike further appeal is taken, Kelley's second trial will proceed at Hornell next Monday.

### PASSESS 31, PER CENT BEEF.

Annapolis, Md., March 18.—The Maryland house of delegates today passed the Jones three and one-half per cent beef bill with the amendment which makes it operative only if the supreme court rules "contentious action" by states means that each state may fix alcoholic contents of beverages manufactured and sold therein.

### FAMOUS RACETRACK SOLD.

New York, March 18.—The old Gravesend race track near Coney Island, over which for many years the Brooklyn handicap, the turf classic, was run, today was sold to a real estate firm. It will be set up into building lots.

## LEADERS EXPECT FINAL ACTION ON TREATY BY SENATE TONIGHT

Sterling Alleges Effort on Part of Democratic Leader to Defeat Treaty Plan

Washington, March 17.—In a new reservation to the peace treaty proposed by Senator Gerry, Democrat of Rhode Island, and adopted late today by a vote of 38 to 36, the senate reaffirmed its sympathy for the aspirations of the Irish people and expressed hope that the time was "at hand" when Ireland would have a government of its own choosing.

Twenty-one Democrats and 17 Republicans supported the reservation and 16 Democrats and 29 Republicans voted against it.

All of the opponents of the Article X reservation on the final vote were Democrats. Forty Republicans were joined by 14 Democrats in its adoption.

Senator Lodge said the Simmons substitute was "vitally defective" in that it barred the use of American military forces under Article X, while the Lodge reservation denied their use for any purpose under any clause of the treaty without expressed approval of congress.

Debate of the Gerry Irish reservation reached a high pitch of bitterness with many charges of political manipulation and bad faith. Republican leaders tried repeatedly to modify or strike out the general declaration of adherence to the doctrine of self-determination. Senator Lodge declared that such a policy had a touch of "hy-

### CHARGES REPUBLICANS WASTED TWO MILLIONS

Expenditures Were for "Smelling Committees" Democratic National Committeeman Says

Louisville, Ky., March 18.—Wasteful expenditure of \$2,000,000 for "smelling committees" was charged against the Republican majority in congress by Homer S. Cummings, chairman of the Democratic National committee, in an address here tonight at a dinner attended by Democratic leaders of Kentucky.

The committee, Chairman Cummings said, were appointed to ascertain whether there had been any graft in the conduct of the World war, but instead "demonstrated that this was the cleanest war ever fought in the history of civilization."

"I want to remind you that it does not lie in the mouths of those who conducted the Spanish American war to indulge in the luxury of criticism," he added. "We have fought a great war, for a great cause, and we have had a leadership which has carried America to higher heights of glory and power and splendor and honor than she has ever known before in her entire history."

"The Republicans have now been in control of the senate and the house for eight months." The chairman continued: "They went in under false pretenses. They outlined an elaborate program of reconstruction that looks very well in the newspapers. They have not only delayed and indefinitely postponed the peace of the world, interfered with American commerce and brought the rate of exchange tumbling down to a point hitherto unknown, but aside from railroad legislation of doubtful value, they have not passed one single constructive act."

Mr. Cummings characterized the Republican platform committee as a "most unusual conglomeration of political misfits."

### JURY GETS NEWBERRY CASE.

Grand Rapids, Mich., March 18.—The case of Senator Truman H. Newberry and his 34 co-defendants in the elections conspiracy trial, today went to the jury. The 12 men who have been listening to the testimony and arguments since February 22 returned to consider their verdict at 4:35 p. m. At 5:40 p. m. Judge Sessions excused the jury until 9 a. m. tomorrow.

### LENROOT BLOCKS SENATE'S PLANS

Leader of Mild Reservationists Forecasts Attempt To Secure Ratification Vote

### TWO FUTILE EFFORTS

After Final Attempt To Modify Republican Article X Reservation, Senate Reaffirms It

Washington, March 18.—An attempt to secure unanimous consent that a vote be taken on ratification of the peace treaty tomorrow was blocked by Senator Lenroot, Republican of Wisconsin, leader of the mild reservationists, and the senate adjourned after 11 p. m. Most leaders predicted that final vote would be reached late tomorrow night.

Washington, March 18.—Proceeding under forced draft to reach a final ratification vote on the peace treaty tomorrow, the senate broke from control of the Republican leaders today and unexpectedly swept into the Republican reservation program: a declaration of sympathy for self government in Ireland. The proposal won out in a committee of the whole by a vote of 38 to 36, after an all-day debate. On a necessary second vote this action was confirmed later 45 to 25.

During the debate Democratic leaders supported the reservation and the managers on the Republican side opposed it because it included a general declaration that this nation adhere to the principle of self-determination of peoples. On the first roll call 21 Democrats and 17 Republicans, including this irreconcilable foe of the treaty, voted for adoption, while 20 Republicans and 16 Democrats were recorded in the negative.

Revival of the Irish question prolonged into the night the senate's task of putting into form the resolution of ratification on which it is planned to bring a vote tomorrow. One after another, a long list of miscellaneous reservations were voted down, the leaders bent on completing their task before adjournment.

The outcome of the ratification vote was not generally regarded as having been influenced by the day's developments, though a number of Republicans counted on to vote to ratify, including Senator Lodge of Massachusetts, the party leader, expressed bitter disapproval of the Irish resolution in its final form. On all sides the prediction was made that the treaty would fail to receive the necessary two-thirds though some senators thought that on a second roll call, which probably will be taken before the attempt to ratify is given up, enough Democrats to put it through will join the majority.

Before the second vote, two futile efforts to amend the reservation, were made. A motion by Senator Calder, Republican of New York, to strike out the clause dealing with self determination, was tabled, 51 to 30, and an amendment by Senator Sterling, Republican of North Dakota, to eliminate the phrase expressing hope for confirmation of Irish freedom was tabled, 70 to 11.

After the Irish resolution finally had been approved, Senator Simmons, Democrat of North Carolina, made a last minute fight to secure a change in the Republican reservation to Article X, but his substitute providing that the United States would use its "friendly offices" to help preserve territorial integrity and political independence was tabled by a vote of 45 to 24.

After a final attempt to modify the Republican reservation on Article X had failed, the senate late tonight reaffirmed by a vote of 34 to 25 its adoption of the reservation.

### WOULD OUST MISS COBB.

Bedford, March 18.—"I have no statement to make and will have none until I have read the report in full," Miss Helen Cobb said tonight regarding the report of John S. Kennedy, president of the State Prison commission, recommending her dismissal from the superintendency of the state reformatory for women. At the investigation conducted here, Miss Cobb denied testimony of several inmates that they had been "strung up" and "given the water cure."

### DENY PEISAL RECOGNITION.

London, March 18.—The British and French governments have notified Prince Feisal, son of the King of the Hedjaz, that the cabinet recognize the validity of the decision of the Damascus congress which proclaimed him King of Syria. Premier Lloyd George made this statement in the house of commons today in answer to a question.

Wishes to thank all the kind friends for their patronage in gasoline, tires, tubes, oils and other accessories. I have found that the Oneonta people are sure as good as their word. You have stuck by me, as many promised to do, and I only have one regret, I was not able to give the service that I wanted to do, but you are all aware that I had a large force of carpenters and plumbers at work until late in the fall to get the three plants in first class shape for the best possible service. I am sure we will be much better equipped this season than last, as I now have free air at all three places: East End, South Side and West End. As before stated I did not

come here to run any one out but for the purpose of serving the largest number of people that I can. While it may cause a very few to feel hard towards me, everyone will agree with me that it is better to help the thousands, even if by so doing it does hurt a dozen. I have saved my trade from \$7.00 to \$8.00 per day in gasoline prices and gave the same kind of gasoline as others sold. I also saved each one who bought oils from 2 to 5 cents per quart on oils and on a gallon 20 to 30 cents, and on tires and tubes from 3 to 10 per cent. You will also agree with me that in hard times this is all worth looking after. I am quite sure I can and will do better this year. I have three kinds of gasoline and guarantee that there is no kerosene in any of them. I will sell Texaco, Standard and the Pride of Cleveland, also have all of the best grades of oils that are made for lubrication purposes. There will be one change in operators. C. H. Wilson has bought a home and Mrs. D. E. Robinson and daughter will have charge of South Side, Mrs. Charles Mayo will wait on the trade at East End as usual. All who know her will say that she is fully equal to the job and much appreciated for faithful and kind labors. The West End will be run the same as last year and by some member of the family. Some may not know who this D. E. Robinson is. For your information, I will say I am the man who lost both legs some time ago in Sidney while braving on the D. & H. out of Oneonta. I must say right here that I love all the railroad men. They showed their love for me and have ever since I got hurt. You may call them rough, but they are the best hearted men to a brother railroad man that I know of. I wish again to thank you all.

Is the Market Influence

New York, March 18.—Influenced mainly by the hope that congress may modify or perhaps repeal existing tax laws relating to excess profits, today's stock market registered many substantial additions to yesterday's gain. Greatest strength was displayed by shares of companies which are expected to follow the example of Crucible Steel in declaring liberal stock dividends out of surplus earnings. Extreme advances in various shares of this class extended from three to 20 points.

The rise was further stimulated by reports that the railroad companies with the cooperation with the interstate commerce commission, contemplate awarding large contracts for much needed equipment and general reconstruction of the country's transportation systems.

Other favorable factors included a plentiful supply of call money at six percent with moderate offerings of time funds at a slight concession from recent rigid rates. Foreign exchanges also manifested greater firmness.

Outstanding features of the day which was the broadest and most active of any session since the reversal of the early weeks of the year, encompassed motors, steel and shippings, leathers and textiles.

Among rails, food shares, metals and sundry miscellaneous specialties, gains were more moderate, profit taking in heavy volume made some impression in the later dealings, and several of the leaders reacted one to five points from top quotations.

The strength of Liberty 3 1/2's at several of the leaders reacted one to two points from top quotations. Standard rails and industrial bonds were firm to strong, but did not keep pace with the rise of stocks and international recorded slight changes. Old U. S. bonds were unchanged on call.

An Arsene Lupin Story

It was murder! Another one! In the sinister "house of mystery." And the only clue was an apple, marked by two rows of teeth.

Could the slayer be the dead man's wife? Then why her lover's letter, with the words, "Only death could unite us"?

How fortunate, too, for the pretty niece and the family doctor that the old man died before he changed his will!

Yet the weird crime was typical of Arsene Lupin. His the ways of the tiger! And Arsene Lupin had cause.

Who was guilty? You couldn't guess in a hundred years. But you can be absolutely sure you never saw a picture that made more thrills run up and down your spine.

## ENTERTAIN STATE PRESIDENT.

Mrs. Edith H. Griffith of Jamestown Visits Royal Rebekah Lodge.

Royal Rebekah lodge of this city was honored on Wednesday evening by an official visit by Mrs. Edith H. Griffith of Jamestown, president of the Rebekah assembly of the state of New York, she being accompanied on this occasion by Mrs. Marcia M. Multer of this city, the state assembly chaplain, and Mrs. Ella F. Handy of Cobleskill, right herald of the state assembly. Other officials present to enjoy the festivities were Mrs. Sarah Blumenstock of Cherry Valley, district deputy president of the Second Otsego district, and Mrs. Sarah Vincent of Smithville, district deputy president of the first district of Tioga county. There were present also a delegation from Cobleskill, and members of many of the Rebekah lodges of Otsego county. The local lodge was present in large numbers to greet the state president and the occasion was made a most enjoyable one.

The gathering was held at the Odd Fellows' temple and from 5:30 to 6:30 o'clock a reception was tendered Mrs. Griffith in the parlors. At the last named hour all were seated to an appetizing banquet in the dining room. Mrs. Cora A. Sitts, noble grand of the local lodge, presided and responses were made by the honored guests of the evening, and in a pleasing manner. A feature was the presentation to each of the official visitors of a suitable gift from the members of Oneonta lodge. Later in the evening the degrees were conferred upon two candidates by the officers of the home lodge. The evening proved one of the most successful in the history of the Oneonta Rebekahs.

Mrs. Griffith, who was the guest of Mrs. Multer while in the city to make her official visit, leaves today for Cobleskill, where she will this evening make an official visit to Aouda lodge of that village. Mrs. Multer accompanying her as one of her official family.

## "CROPS AND CROPPERS."

Annual School Play Will Be Given at O. H. S. Next Week.

Tickets for the comedy "Crops and Croppers," which the Oneonta High School Dramatic club is to present on the evenings of March 25 and 26, are now in the hands of students. They will be exchangeable later at the Corner Bookstore for reserved seats at no extra charge.

While "Crops and Croppers" is a comedy and full of fun, it is heavier than the plays of recent years and it gives the members of the cast a great opportunity for real acting. The cast is composed of Messrs. Russell, Crandall, Dickson, Smith, LaReau, Hemstreet and Kenyon, and Misses Williams, Hendrick, Keenan, Cook, Coates, Rowe and Gallagher. All of these students have talent along the line of acting and they are determined to make the school play this year a grand success.

## OTSEGO COUNTY SANATORIUM

Annual Report of Activities for Year 1919—Later Records of Mt. Vision Institution.

The annual report of the Otsego county sanatorium at Mt. Vision shows that for the year ended Nov. 1, 1919, there were 22 patients admitted, 56 patients treated, 23 discharged, and 7 died. There were two cases of surgical tuberculosis, one of which was discharged cured and one remained. During the year there were 11 patients discharged and working, and with the disease apparently arrested. Thirty-four patients gained weight, the greatest gain being 34½ pounds; 12 who lost weight, and with no apparent change. There were 6,039 hospital days and there had been received from towns, counties and individuals \$1,722.67 for maintenance of patients.

Since the establishment of the sanatorium there have been numerous donations of magazines and games, Victrola records, jellies and canned fruits and toilet articles from organizations and generous friends, as well as hospital supplies, bedding and garments from the Oneonta, Cooperstown, Unadilla, Wells Bridge, Otsego, Laurens and Edmeston chapters of the Red Cross. From Miss Florence Wardwell \$25 in cash was received, and \$182.28 from the Burlington auxiliary to the Red Cross.

"Since this report was published," says a later summary, "10 patients have been admitted, and 10 have been discharged, 3 have died. Of those discharged 2 are quiescent, 2 improved and 6 apparently arrested. The length of stay in the institution was an average of three months, the longest time being 18 months. The greatest gain of those discharged was 44 pounds; the smallest, 3½ pounds. The gains of those arrested were 18½, 24½, 12½, 31, 37 and 44 pounds. The gains of the quiescent cases were 9 and 8½ pounds. The gains of the improved cases were 18½ and 9 pounds.

"Satisfactory results can be obtained only by thorough cooperation. Those in charge instruct, guide and counsel, and see that every possible facility which will help a patient's cure is furnished him. The rest is strictly up to the patient himself. He has a rest chair, adjustable to several positions; plenty of blankets when the weather necessitates, to protect him from any cold he may have to endure; he has earthenware "pigs" which can be filled with hot water and will keep him warm all night, even in the coldest weather; all food is the best that can be bought; the milk is received from the dairy near the hospital. The rules and regulations are strict, calling for certain hours of rest, certain hours of exercise, certain hours to get up and certain hours to retire. With every facility at hand and with all to gain or lose according to his own conduct, it is hard to conceive anyone failing strictly to adhere to the rules, but there are sometimes occasions when patients fail, and the result is easily seen in their condition."

## CHIEF DENIES INTIMATION.

Declares Firemen Drank None of Contraband Beer at Municipal Building.

Recently, in referring to the destruction of a shipment of beer seized while en route to this city by motor truck, which was emptied into the sewer by Chief Horton, The Star stated that rumors had been heard that some of the beer had found its way into the hands of members of the City Fire department and slaked their thirst. The statement The Star qualified as a rumor only, which it said had not been verified, and to it attached little importance, accepting it more in the nature of a joke than anything else, assuming that the public would not accept it as any reflection upon the men of the department.

There has, it seems, been a disposition on the part of some to magnify the intimation as a reflection upon the good name of the department. The Star, therefore, cheerfully quotes Chief Choate of the department as stating that there is no foundation in fact for the rumor, and that to the best of his knowledge none of the firemen interfered in any way with the beverage stored in the building.

The record of the department for its conduct both at fires and elsewhere is so well established that the publication of this statement from Chief Choate would seem hardly necessary, but is willingly given space.

## Baptist Pastors' Conference.

On Monday next, at the Oneonta Y. M. C. A., will be held a conference of the Baptist pastors of this section, to which all the pastors of churches in Otsego county have been especially invited and at which an address upon the Interchurch Movement will be given by a speaker to be sent here by Chairman Otto of Syracuse. It is hoped that there will be a large attendance.

## Meeting at Y. M. C. A.

## EFFORT TO OPEN HIGHWAYS.

Drifts Found at Intervals Interfere with Use of Motor Vehicles.

While the state roads hereabouts are now passable for motor vehicles in many places, there are other places where drifts which have attained great depth will for a considerable period prevent the use of the highways by either sleighs or motor vehicles unless some organized effort is made to clear a pathway through the drifts. Though a thaw occur today and continue for several days, these places would still block the use of the Macadam roads.

In accordance with the suggestion, which seems timely, a meeting has been called for this evening at 7:30 o'clock at the court room in the Municipal building of all interested in a movement to shovel out a passageway through the drifts where necessary in order to open at once the roads to use. It is hoped that there will be a good attendance of all who appreciate that to open the roads at once will improve business generally, in order that the work may be commenced Saturday morning.

It is believed that one team equipped with a plow, to be followed by a band of shovellers, can open miles of roads in a day, and that the effort will prove worth while. It is thought that it will be possible with what aid can be secured locally to have all roads leading to this city open for motor traffic by the middle of next week.

Will residents along the road down the valley toward Unadilla, on the Davenport road, between this city and Milford and east toward Schenectady, who are willing to help with shovels or teams or both kindly communicate with H. W. Lee, secretary of the Oneonta Automobile club today if possible?

## PICKPOCKET APPREHENDED.

Mike Amtrino Captured at Strand Theatre Wednesday Evening.

Wednesday evening, while in attendance at the performance at the Strand theatre, Mrs. Adelaide Wood of 38 Cliff street, announced that she had been relieved of her pocketbook containing a sum of money and suspicion pointed strongly to Mike Amtrino, an Italian, whose record is not entirely clear on the police court docket. He was taken into custody by Jack Root and later turned over to Officer Parshall. It is stated that Amtrino was seen to throw to the floor the pocketbook when attention was directed at him.

When arraigned before City Judge Huntington yesterday morning, the accused, after being confronted with the evidence of his guilt, plead guilty and was fined \$5 and sentenced to the county jail for 60 days. The jail sentence was suspended, however, it being brought to the attention of the court that the accused has a family of eight small children who are in need of his support.

The case should prove a warning to any other persons in the city, who have light-fingered tendencies as in the future, if caught, they will not escape so easily.

## Will Sail Around the World.

Marshall S. Aldrich, son of Conductor and Mrs. Lester J. Aldrich of 4 Potter avenue, has re-enlisted in the navy through the local recruiting station for a period of two years, and left yesterday for the Philadelphia navy yard, where he will sail next week on the U. S. S. John Edwards for a cruise around the world. Young Aldrich served in the navy during the war and will be remembered by Star readers because of the interesting letters he wrote this paper while he was stationed in the Mediterranean. He admits he "likes it" in the navy and is taking advantage of the fine opportunity given young men for travel and education.

## Group Prayer Meetings.

## THREE GREAT THINGS.

Emphasized in Sermon by Evangelist Stocum Last Evening.

Dr. Pendleton of the Main Street Baptist church headed a delegation of a hundred and more members of that church in attendance at the evangelistic meetings at the First Baptist church last evening. They proceeded in a body from their own prayer service held at an early hour. The attendance last evening was one of the largest yet held and the interest is evidently increasing. Last evening was Sunday school night with a good delegation from the school present, they singing songs and participating in the opening exercises. Newton Darling also rendered a solo that was enjoyed by all.

Evangelist Stocum spoke upon "Three Great Things in the Bible." The speaker declared one to be the love of God for sinful men as manifest in Christ, emphasizing the awfulness of sin and God's hatred of sin while loving the sinner and of his earnest desire to save all men from the power of sin. Secondly he spoke of the great salvation, great because it saves men from all kinds of sin and great because it saves all men who will, in a manner that requires no great thing, simply the acceptance of God's will and guidance. Lastly he referred to the great separation, the gulf fixed between the righteous and the wicked, which separates eternally. This is the sad feature of the truth. The speaker made an earnest plea and a number expressed a desire to lead a Christian life.

This morning, between 10 and 10:30 o'clock, cottage prayer meetings will be held at the homes of the following: Mrs. Edwards, 22 Grove street; Mrs. Townsend, 1 Birch street; Mrs. Rowell, 12 Otsego street; Mrs. Mickie, 8 Huntington avenue, and Mrs. Terrell, 110 Spruce street. This evening at the evangelistic service delegations from the Odd Fellows, Eastern Stars and Royal Rebekahs are expected to attend.

On Sunday afternoon, at 3 o'clock, a special service for women and girls to be addressed by Mrs. Arnold, is announced for the First Methodist church, and at the same hour Mr. Stocum will address a mass meeting of men and boys at the First Baptist church.

## Officers Attend Guard Association.

Captain F. M. H. Jackson and Lieutenants McLaury and Baker of this city and Carley of Cooperstown leave this morning for Albany, where as representatives of Company G they will attend the annual convention of the National Guard association of the state of New York. Sessions will be held this morning and Saturday morning and afternoon; and this evening there will be a banquet at the Hotel TenEyck.

Major E. J. Parish, ordnance officer of the third brigade will also attend the convention.

Among the speakers will be Governor Smith, General O'Ryan and United States Senator Wadsworth.

### DEATHS

John H. Haines.

On Thursday, March 18, at 2 a. m., John H. Haines died at his home on Briar Creek, after an illness of two weeks. The death was caused by influenza followed by pneumonia.

The deceased was born May 31, 1843, in England, the son of George and Ann Haines. He was married March 19, 1879, to Ellen Crandall of Oneonta. Mr. Haines had one daughter, Mrs. Elise Stoen, who died two days before his demise. He was a member during lifetime of the Episcopal church.

There will be a double funeral at the home Friday at 1 p. m., the Rev. Dr. Smith, rector of the Episcopal church at Gilbertsville officiating. The bodies will be placed in the vault at Gilbertsville for later burial.

Mrs. James Meeker.

Word has been received in this city of the death of Mrs. James Meeker, 82 years old, at the home of her daughter, Mrs. F. C. Leonard, in Cambridge. She is survived by her daughter, a son-in-law, Dr. Leonard of Cambridge, and a daughter-in-law, Mrs. Howard Meeker, of Sidney. The body will be brought to Sidney, where the funeral will be held at 3:30 o'clock Friday afternoon at the Methodist church. The Rev. A. D. Finch will officiate. Burial will be in Sidney cemetery.

### DON'T SUFFER WITH NEURALGIA

#### Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—colds of the chest (it often prevents pneumonia). It is always dependable. 30c and 60c jars; hospital size \$2.50.

Mrs. H. L. Sawyer of Broadalbin spent Wednesday at the home of her sister, Mrs. Percy Smallin, 36 Cedar street, returning home yesterday.

Mrs. Mina Turner of Milford was in Oneonta yesterday on her way to Richmondville, where she is caring for her uncle, George M. Boorn, who recently suffered a slight shock.

Mr. and Mrs. George Paine and granddaughter, Virginia Irene Finley, leave this morning for Albany to spend the week-end with relatives. They will return home Sunday.

Aviator Frank Burnside, whose record in aviation puts him well to the fore among birdmen of his day, was in the city on matters of business yesterday. He returns to Ithaca this morning.

Dr. and Mrs. J. M. McClellan of 11 Elm street left yesterday for Newark, N. J., to which city they were called by the serious illness of their daughter, Marguerite, principal of a Newark school, who is suffering from pneumonia.

Mr. and Mrs. J. C. Champagne and son, Donald, of Buffalo, who had been visiting at the home of Mr. Champagne's brother-in-law, William Murray, 27 Otsego street, and at the home of Mr. and Mrs. C. O. Mason, Fair street, for two weeks, returned home yesterday.

Mr. and Mrs. Herbert Culver of Portland, Oregon, who had been visiting at the home of Mr. Culver's mother, Mrs. Phoebe Culver, West Oneonta, were in this city yesterday on the way to Binghamton to visit relatives for two weeks. They will return to West Oneonta at the conclusion of their stay in Binghamton.

### CARS LESS THAN TRAIN FARES

Declares Mr. Bailey of the Hudson-Essex Agency Here.

"The question of whether it is cheaper to travel by railway or automobile has been brought up again by the report that railway passenger transportation will in all probability be advanced to six cents a mile, which is something like a 20 percent increase," said Mr. Bailey of the Hudson-Essex agency yesterday.

"The answer is to be seen in the constantly increasing use of the light, economical car for commercial purposes. Big firms everywhere are finding that their salesmen can cover more territory and cover it cheaper by automobile than by train. In the cities, too, it has been found that the use of a car in competition with street railway transportation, results in a decided cut in sales expense because it increases the efficiency of the salesman."

"One firm which has adopted Essex products has found, for instance, that each salesman's sales increased from 10 percent to 50 percent as soon as he began to operate the car. This is because he makes from six to eight towns a day where he formerly made from one to four. Also he can carry his full line of samples and demonstration accessories, which he could not carry well if he were working by train."

Again the automobile reduces the question of the necessity of carrying a heavy grip constantly and it assists him in maintaining his "pep" right to the end of the day's work. The result may be seen in a decided decrease in sales expense since he is able to use the Essex."

### DO YOU WANT TREE SEEDLINGS?

State Conservation Commission Makes Its Annual Offering.

Albany, March 18. — The State Conservation commission is now making its annual offering of trees for reforesting idle lands within the state. Applications for trees to be delivered this spring should be filed with the commission at Albany before April 1. The species offered are white pine, Scotch pine, red pine, Norway spruce and Carolina poplar cuttings. Although the supply of trees is more limited than in previous years, as a result of seed shortage during the war, it is estimated that there will be sufficient trees in the state nurseries to meet the usual demands. Persons who apply early, however, will have a better opportunity to select trees, as it is anticipated that several species will be sold out completely. The price of the young trees to private land-owners ranges from two to five dollars per thousand trees.

## Essex Almost Doubles Light Car Endurance

Essex Has Performance Like the Costliest Fine Cars--  
Its World Endurance Record Has Never Been Rivalled

The most important thing Essex has proved is that weight and size are no longer necessary to finest car quality.

Its 3037 miles in 50 hours is a world endurance record. The test was official. Supervisors of the A. A. A. certified the Essex stock chassis in every detail.

Never before was a car driven at top speed for 50 hours. The grind was equal to years of road use. Yet the Essex showed no measurable wear.

What car the Essex size and weight, can even attain a mile-a-minute speed, much less keep it up for 50 hours?

Such Endurance as You Want in Your Car

These decisive tests proved Essex not only the supreme performer of the light car field, but they showed that the moderate priced, economical Essex has such endurance and dependability as few large, high priced cars offer.

Greater size could add nothing to Essex. It has the qualities, weight and size are built to give—riding comfort, solidity, distinction and smooth, quiet pace. But in addition it has fuel, oil and tire economy. And its great durability means freedom from repair costs and positive, dependable transportation.

Essex is easy to operate. Driving does not fatigue. Its quick response to the lightest touch and its smooth, restful comfort in motion, account for this.

That is why so many women are Essex owners. They appreciate its safety, too. Its controls are simple and instantaneous. It makes fast time, with security, even in difficult traffic.

Essex Wins On Quality Minus Useless Weight

Essex won recognition on the issue of finest quality without useless weight and size. That issue is uppermost today.

You will take pride in your Essex from the first. Its beauty, luxurious fittings and its performance give it distinction everywhere. And time will increase your respect for it. You will come to rely absolutely on its dependability. You will find it always ready for any demands you may make.

These are reasons why Essex set a world's sales record in its first year. And orders are now so far ahead it is certain even that unrivaled mark will be surpassed this year.

Thousands, realizing this, are placing their orders now. We advise that you do the same, to avoid disappointment.

## DELAWARE COUNTY NEWS

### DELAWARE GRANGERS GATHER

Unusually Interesting Program Carried Out at March Session Held in Sidney Wednesday.

Sidney Center, March 18.—An unusually interesting program was enjoyed yesterday at the March meeting of the Delaware County Pomona Grange which was held with the Sidney Grange, with seven granges in the county represented and about 40 delegates present. After the business session in the morning, there was a discussion of "The Restoration of Delaware County" and much interest was manifested in the project. It was brought out in this discussion that considerable work has already been done in the county by individuals and others are contemplating the extensive planting of trees on their lands. S. L. Strivings, lecturer of the state grange and vice president of the American Federation of Farm Bureau, was the principal speaker of the afternoon and gave an inspiring and helpful address on the growth and development of agriculture as an industry. He also spoke at length on the New York Grange exchange. The other speakers on the afternoon program were: Dr. R. H. Loomis of Sidney, who spoke on the subject, "What to do When You Cannot Get a Doctor," and gave some helpful information on the proper treatment of flu or grip, nosebleed, fainting, headache and the ailments of children. E. G. Brougham, farm bureau manager, spoke on the Federal Farm Loan system. H. W. Dawey spoke on Grange Life Insurance. Mrs. Delilah Bucknam on Home Bureau work and Mrs. A. D. Rowell on Thrift. In the evening a class of 16 received instruction in the fifth degree and after refreshments had been served, a fine musical and literary program was enjoyed. Resolutions were adopted endorsing Grange Life Insurance, pledging support to the Grange exchange, commending the efficient work of the present incumbent of the office of sealer of weights and measures, and urging the aid of supervisors to retain him in office at his present salary or an increase, a resolution urging the discontinuance of the use of butter substitute, a resolution of thanks to Sidney Grange and also resolutions on the death of Past District Deputy Charles O. Potter of Unadilla. The next meeting of the Pomona Grange will be a basket picnic and will be held with the West Kortright Grange early in June.

Sidney Center Locals.  
The Sidney Center Woman's club

will meet at the home of Mrs. W. H. Jenkins Wednesday afternoon, March 24. Rev. A. H. Landmesser will give an address on the Inter-Church movement and H. W. Dawey will talk on the community church. Rev. E. W. Stanton has resigned as pastor of the Emmanuel Baptist church at Buffalo to take the pastorate of a Baptist church in Pittsburg, Pa. He will go to his new charge about May 1st. Mrs. S. J. Ford and daughter, Miss Emily, of New York city, are spending a few weeks at the home of Mrs. Ford's mother, Mrs. Emily Stilson, on their way to their new home in Albany. Rev. Mr. Ford is in charge of Americanization work in the Y. M. C. A. in Albany and began his duties there on January 1st. Mrs. Ford and daughter expect to join him about April 1st. R. T. Culver of Masonville has rented C. C. Shaw's store building on Main street and will open a general store about April 1st. Mr. Culver is moving his household goods here and will occupy the living rooms over the store. D. C. Ingalls and Fred Shaw have opened a meat market in the central market building. Fred Prentice has sold his residence on Baker street to J. D. Beardsley, who recently moved here from Unadilla. Mr. Prentice has sold his interest in the blacksmith shop to his father-in-law, H. D. Fletcher. The Tri-Mu class was entertained by Mrs. Ross Griswold and Mrs. Walter Pomeroy at the Methodist Episcopal parsonage last evening. A St. Patrick's day supper was served, and a pleasant social time was enjoyed.

### THE NEWS IN HOBART.

Funeral of William R. Parrish to be held Saturday afternoon.

Hobart, March 18.—William R. Parrish, whose death of Bright's disease at his home in this village Wednesday morning, was noted in Thursday's Star, was born Jan. 28, 1871, at West Coleville, and was united in marriage to Miss Edna M. Hinman Nov. 28, 1895. Six daughters were born to them, two of whom died a few years ago. He is survived by the widow and four daughters, Mrs. Alice Acheson of Schenectady, Mrs. Luella Kipp of Oneonta, and Anna and Louise, who reside at home. At the time of his death, Mr. Parrish was employed by Mrs. J. G. Hanford, which position he had held for several years. Funeral services will be held Saturday at 1:30 p. m. at the house, and 2 p. m. at the church. Rev. A. M. Wilkins will officiate and the remains will be placed in the vault and inter-

ment will be later at South Kortright beside the two daughters.

### Sunday Church Services.

### Note and Comment.

M. C. Dales of Oneonta was a business caller in town Wednesday. — Mr. and Mrs. James M. Acheson of Schenectady and Mr. and Mrs. Earl Kipp of Oneonta were called here by the death of William Parrish. — Mr. and Mrs. W. H. Sheffield are absent on a business trip to New York city. — Mr. and Mrs. Jewett Dyer of South Kortright were business callers in town Thursday.

### DELHI AND VICINITY.

Delhi-Bloomville State Road to be Opened for Auto Traffic.

Delhi, March 18.—It is understood that tomorrow, weather permitting, a concerted effort will be made to open for auto the state road from Delhi to Bloomville. This road has been badly rutted for many weeks and the stage line, with the mail and accommodations for passengers, served by horse power, has made two trips every day with perhaps one or two exceptions. This means of locomotion has been very tedious for the traveling public and has been the cause of the New York mail arriving two hours late as compared with its normal arrival and the cause of the Oneonta mail arriving at 1 p. m. instead of 9 a. m.

### Death of a Child.

Word was received last evening by Delhi friends of the death of the baby son of Mr. and Mrs. George Dumbell of Monroe, N. Y., a child about one year old. George Dumbell, the father, will be remembered as a Delhi resident at one time and a son of Rev. Dumbell, for some years rector of St. John's church in this village, and Mrs. Dumbell as Grace Johnson of Delhi.

### Blacksmith Business Changes Hands.

Clarence Becker, a well-known blacksmith of the village, has bought the business of Fred Stevens, who for some years has conducted a successful blacksmith shop on Kingston street. Mr. Stevens retains the ownership of the real estate and announces that he is to remain a resident of Delhi.

### NORTH KORTRIGHT NEWS.

Mrs. James Buckingham Critically Ill.—Merton VanDusen Improved.

North Kortright, March 18.—Mrs. James Buckingham of Harpersfield, nee Miss Jennie Dayton, is critically ill of acute Bright's disease and heart trouble. Her condition is such as to cause her friends grave alarm, in fact at this writing the attending physician gives little, if any, encouragement to hope for her recovery. She has been teaching the Harpersfield Central school and boarding with her husband's mother, Mrs. Jeanette Buckingham, where she was but recently taken ill. She is popular wherever known and hosts of friends will still be hoping that her condition may improve.

### Merton VanDusen Better.

Merton, the youngest son of Mr. and Mrs. Arthur VanDusen of Harpersfield, who has been seriously ill at the home of his parents, is reported a little better, a fact that many will be glad to learn.

### NEWS IN DAVENPORT CENTER.

District Superintendent Hensley Will Preach at M. E. Church Sunday.

Davenport Center, March 18.—Sabbath afternoon next District Superintendent Hensley will be present at the quarterly conference, which will begin at 2 p. m. He will deliver a sermon and a good attendance is desired.

### Other News of the Center.

Mr. and Mrs. M. C. Hebbard are located in their new home recently purchased of Adelbert Holmes. — F. H. Sloan is to have acetylene lights placed in his buildings. — Work at a sawing lumber on the Chambers farm began Tuesday. — Quite a number from this place attended the "Hitchy Koo" show at the Oneonta theatre Wednesday. — School opened Wednesday, after two weeks' vacation. — Mrs. J. M. Parlow's condition remains about the same.

### Inspecting the Cadets.

Major W. K. Whitley of Elmira, supervising officer of cadets for the East Central zone district of New York, reviewed the cadets of Oneonta at the armory last evening. The cadets, who were about 80 in number, were in charge of their instructor, Lieut. H. L. McLaury, and presented a good appearance, the inspector being pleased with the evolutions discipline and general "set up" of the boys. At the close of the drill Major Whitley addressed the boys on the general theory of training and the benefits to be derived.

Major Whitley left this morning for Albany to attend the annual convention of the State Guard association.
